FCB MEMORIAL SPACE INFORMATION

What will the FC Barcelona Memorial Space be like?

The remodelling of the Camp Nou will include the construction of a Memorial Space for the installation and management of columbaria, which will be used for depositing funerary urns containing the ashes of supporters who wish to be laid to rest at their Club. It will be an emblematic space with the capacity for more than 30,000 urns and which will represent a sentimental journey through Barça history. The main route will lead through 14 thematic sections, each featuring murals depicting significant moments from Barça's past.

These large-scale photo-ceramic murals will be composed, tile by tile, of images of high sentimental value. The supporters' ashes will discretely be placed to rest behind each tile. There will also be a common area for the deposit of ashes, the Community Area, which will be a spectacular scale model of the Camp Nou.

What is a Memorial Space?

A Memorial Space is a cosy, welcoming place where loved ones' ashes can be laid to rest forever next to their greatest passion, their club, and thus keep that sentiment eternally alive. Memorial Spaces are the solution for people who choose to be cremated but would rather have their ashes deposited somewhere other than a traditional cemetery. They mark a dignified, emotional and creative solution.

How much does it cost?

The price for the use of an individual columbarium is 3,000 euros plus VAT for a maximum of 50 years; and 6,000 euros plus VAT for 99 years. The Community Area costs 1,500 euros plus VAT and is offered for perpetuity.

For how long are columbaria hired?

Two types of service are offered. A columbarium can be hired for 50 years or 99 years. This period does not start until the ashes have been definitively deposited in the FC Barcelona Memorial Space.

Can I hire a space now?

Yes. The procedure has already started and supporters can use the provisional columbaria in the FC Barcelona Memorial Space in Les Corts Cemetery.

How can I finance payment?

Ask about the different made-to-measure finance plans, whether or not you have insurance to cover for funeral expenses. Phone 902 151 025 for personalised guidance.

What if I have no insurance for funeral expenses?

Ask our personal assistant about the finance options and the possible inclusion of the cost of the service in your insurance policy. If you do not have such insurance, phone 902 151 025 to enquire about costs.

Can remains be relocated?

Remains can be exhumed and reduced as long as a minimum of two years have transpired since inhumation. The remains are cremated and placed in a funerary urn for deposit in a columbarium in the FC Barcelona Memorial.

Where can I find further information?

Telephone for enquiries: 902 151 025. You can also send an email to reserves@fcbarcelona.cat, or visit the website: www.emfcbarcelona.cat.

What are the visiting times?

The FC Barcelona Memorial will be open for 10 hours every day and also for two hours before and after any matches played in the stadium. For the time being, these will be the opening hours of Les Corts Cemetery.

What are the urns like?

The urns containing ashes feature a special pressure-opening system that guarantees the inviolability of each unit.

Are there special benefits, finance options or discounts for FCB members or supporters club members?

There are special discounts and rates for FCB members and supporters club members. For specific details about these special discounts and conditions please contact the FCB Memorial's helpline on (902 151 025) or send an email to (reserves@fcbarcelona.cat). Members of the Agrupació Barça Jugadors with an interest in the service should contact their own Group and ask about special conditions.
